I. Plagiarism

I hereby declare that my submission contains no plagiarized material and is solely my own work. I declare that I have referenced all sources and resources I used in writing this submission and that I adhered to established academic citation standards. I also declare that I will not submit a paper already submitted in other courses.

I am aware that all submissions may be routinely checked through plagiarism software and hereby agree to this procedure for my submission.

Upload to Moodle/digital form of submission: I agree to submit my work in a digital format (PDF) and accept its upload on platforms provided by the University of Heidelberg for this purpose (Moodle, etc.), where applicable. If not otherwise agreed upon with the instructor, I accept the digital copy of the submission as the basis for grading.

II. Use of Artificial Intelligence

I confirm that all work in the text submitted is my own. My submission contains no automatically generated wording. In case AI tools were used in the production of the submission, I will have discussed this with my instructor prior to submission and I will mark these passages. This includes translations.

I am aware of the fact that should my paper be found to contain plagiarized material or to have been written in part or whole by someone else, including by AI tools without proper documentation, this will result in serious consequences including:

(a) failure of the plagiarized submission (grade: 5,0). I understand that this may result in failing the entire course.

(b) request for resubmission and correction of assignments for milder forms of plagiarism such as incorrect citation, lack of paraphrasing etc.

I am aware of the fact that instances of plagiarism will be recorded by the HCA and that repeated failure to uphold the values of academic integrity (including plagiarism) may result in serious consequences, up to and including expulsion from the program.
